

Secretary's Report 2024-2025

Matt West

We have had a large intake of new members this year partly due to the success of student signups during O Week and the discount provided for student and members of the public from the start of the year.

As of writing this report (05/03/25), we have 146 members signed up, which is an increase from 121 the year before.

We have seen an increase in the ratio of student to non-student members, with student memberships in the majority. We have had a lot of new boat divers over the past year thanks to the training grants provided. These were provided with a requirement to complete 2 club dives within the membership period.

30% of our members aren't yet certified divers, all of whom are students. It would be good to see the new committee continue the initiatives from 2024 encouraging new student members to get certified and partake in diving activities in this calendar year.

User Type	March '24	March '25
Student	55%	63.7%
Non-Student	45%	36.3%

Gender	March '24	March '25
